

Code of Behaviour and anti-bullying policy 2023

This code of behaviour and anti bullying policy was ratified by the Board of Management following the circulation of a draft document and consultation with staff and parents. The policy is informed by “Anti-bullying Procedures for Primary and Post-Primary Schools” published by the D.E.S. September 2013.

As cyber-bullying is being addressed in the policy it is essential that each parent is aware:

- **that the legal age for children using TikTok is 12**
- **that there may be risks and dangers associated with their child using forms of social media and that parental supervision is required in this area.**
- **that the school has safeguards in place with regard to pupil internet/ website access at school and that use outside school falls under parental responsibility. (A.U.P.)**
- **of the dangers of cyber bullying and undertake to avail where possible of any information evenings organised by school or Parents Association.**

AIMS:

Our aim is to create an ordered and orderly environment in which pupils can, through developing self-discipline, feel secure and make progress in all aspects of their development. We aim at having a code of conduct which is unbiased, uniform, consistent, firm and tempered with kindness. Through such discipline, we seek to educate children in making right choices and in accepting responsibility for their actions, thus leading them to the greater freedom of self-discipline.

PRINCIPLES:

Every effort will be made by all members of staff to adopt a positive approach to the question of behaviour in the school. The school recognises the variety of differences that exist between children, and the need to tolerate these differences. It is agreed that a high standard of behaviour requires a strong sense of community within the school and a high level of co-operation among staff and between staff, parents and pupil.

PHILOSOPHY:

The basis of our code of behaviour is RESPECT.

- (a) Respect for adults,
- (b) Respect for self and other pupils,
- (c) Respect for property.

RESPECT FOR ADULTS

1. Pupils shall show respect for teachers and all school personnel including visitors, and, where appropriate, shall obey them in the lawful exercise of their duty.
2. Pupils shall speak of their parents/guardians and the parents/guardians of other pupils, with respect, and show them every courtesy.
3. Pupils, as members of the school community, shall show due respect and deference to all members of the public.

RESPECT FOR SELF AND OTHER PUPILS

1. Courtesy towards and respect for others, avoidance of unbecoming or abusive language, personal cleanliness and tidiness and neatness in appearance and dress, are some of the more obvious ways of showing respect for self and other pupils.
2. Pupils shall behave in an orderly way when going from place to place within the school (soft steps) so as not to distract others from their work.
3. Pupils should be mindful of their own safety and that of others, and never do anything which might endanger their safety.
4. To endeavour to make the best possible use of school time, pupils should come fully prepared with the necessary books, writing material, etc., and with all written and oral homework prepared.

RESPECT FOR PROPERTY

1. Pupils must respect the property of the school and that of each member of the school community.
2. Pupils must not take without permission, deface, damage or write on property which does not belong to them.
3. Pupils shall keep their table and classroom tidy, clean and free from litter.
4. Pupils must not misuse, neglect or interfere with school equipment, especially that which is provided for their safety.
5. Pupils shall keep the school-yard free of litter.

STRATEGIES TO SHOW APPROVAL OF PUPIL CONDUCT:

Praise may be given by means of any one of the following:

- a comment in a pupil's exercise book,
- a visit to another member of staff or to the Principal for commendation,
- a word of praise in front of a group or class,
- special mention on class notice-board for pupil who has shown improvement, weekly visit from Principal to congratulate those mentioned,
- a system of merit marks,
- delegating some special responsibility or privilege,
- mention to parent, written or verbal communication, e.g. 'Well Done' note to be sent home through ALaddin.
- mention from teacher on yard duty for a class who behave well and are orderly.

PROCEDURES

The degree of misdemeanours, i.e. minor or serious, will be judged by the teachers and/or Principal based on a common sense approach with regard to the gravity/frequency of such misdemeanours, as follows:

Examples of minor misdemeanours:

- pushing in the line,
- running in school building,
- leaving litter around the school.

Examples of steps to be taken by teachers when dealing with minor misdemeanours:

- (i) Verbal reprimand / reasoning with pupil.
- (ii) Pupil to be put standing at wall for a short period.
- (iii) As much as possible, the sanctions imposed will be proportionate to misconduct, e.g. when homework has been neglected, the pupil may be asked to complete work during break-time.

Examples of serious misdemeanours:

- constantly disruptive in class,
- damaging other pupil's property or school property,
- bullying (as defined on page 7),
- deliberately injuring a fellow pupil,
- using unacceptable language,
- spitting.

Examples of steps to be taken by teachers when dealing with serious misdemeanours:

- (i) Through discussion with the teacher, the pupil will be asked to explain the nature of the offence. Other pupils may be asked to contribute to the discussion. Parents of the child who is involved will be made aware through a phone call or written communication. The matter may then be referred to the Principal or Deputy Principal. If satisfaction is still not achieved, the Chairperson of the Board of Management would then be informed, and parents requested to meet with Chairperson and Principal.

- (ii) If in the case of a child in the junior section of the school the teacher will choose a sanction that is appropriate to the offence. Individual behavioural plans are in place for a number of students.

The relevant class teacher will be informed by the teacher on yard duty of any misbehaviour during break-time on the yard which requires sanctions.

Examples of gross misdemeanours:

- Assault
- Substance abuse
- Serious theft
- Serious damage to property
- Serious threat
- Carrying of a weapon

Examples of steps to be taken when dealing with Gross Misdemeanours:

- (i) Chairperson / Principal to sanction immediate suspension pending discussion with parents.
- (ii) Expulsion will be considered in an extreme case in accordance with Rule 130 (6) of the Rules for National Schools, i.e.

“No pupil can be struck off the rolls for breaches of discipline without prior consent of patron and until alternative arrangements are made for the enrolment of pupil at another suitable school in the locality”

It should be noted that these lists consist of examples only. It is not meant to be a totally comprehensive list of misdemeanours and procedural steps.

OUR SCHOOL'S ANTI-BULLYING POLICY

1. In accordance with the requirements of the Education (Welfare) Act 2000 and the code of behaviour guidelines issued by the NEWB, the Board of Management of Newport national school has adopted the following anti-bullying policy within the framework of the school's overall code of behaviour. This policy fully complies with the requirements of the *Anti-Bullying Procedures for Primary and Post-Primary Schools* which were published in September 2013.

2. The Board of Management recognises the very serious nature of bullying and the negative impact that it can have on the lives of pupils and is therefore fully committed to the following key principles of best practice in preventing and tackling bullying behaviour. These key principles which underpin our school's commitment to preventing and tackling bullying are as follows:
 - A positive school culture and climate which-
 - is welcoming of difference and diversity and is based on inclusivity;
 - encourages pupils to disclose and discuss incidents of bullying behaviour in a non-threatening environment; and
 - promotes respectful relationships across the school community;
 - Effective leadership;
 - A school-wide approach;
 - A shared understanding of what bullying is and its impact;
 - Implementation of education and prevention strategies (including awareness raising measures) that-
 - build empathy, respect and resilience in pupils; and
 - explicitly address the issues of cyber-bullying and identity-based bullying including in particular, homophobic and transphobic bullying.
 - Effective supervision and monitoring of pupils;
 - Supports for staff;

- Consistent recording, investigation and follow up of bullying behaviour (including use of established intervention strategies); and
 - On-going evaluation of the effectiveness of the anti-bullying policy.
3. In accordance with the *Anti-Bullying Procedures for Primary and Post-Primary Schools* bullying is defined as follows:

Bullying is unwanted negative behaviour, verbal, psychological or physical conducted, by an individual or group against another person (or persons) and which is repeated over time.

The following types of bullying behaviour are included in the definition of bullying:

- deliberate exclusion, malicious gossip and other forms of relational bullying,
- cyber-bullying and
- identity-based bullying such as homophobic bullying, racist bullying, bullying based on a person's membership of the Traveller community and bullying of those with disabilities or special educational needs.
- Isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging, do not fall within the definition of bullying and should be dealt with, as appropriate, in accordance with *the school's Code of Behaviour*.
- However, in the context of this policy, placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or shared by other people will be regarded as bullying behaviour.

In the interest of child safety, children are not permitted to have phones or electronic devices which enable internet access at school. Social networking sites are also inaccessible on the school premises.

In accordance with the school's code of behaviour, children are taught strategies to identify and respond to isolated or once-off incidents of intentional negative behaviour, including a once-off offensive or hurtful text message or other private messaging which do not fall within the definition of bullying. Children are also taught that placing a once-off offensive or hurtful public message, image or statement on a social network site or other public forum where that message, image or statement can be viewed and/or repeated by other people will be regarded as bullying behaviour. Lessons around cyber interaction are taught by the class teacher in an age appropriate manner. Senior classes receive additional tuition in this area from the local Garda.

Negative behaviour exhibited in the school that does not meet the definition of bullying will be dealt with in accordance with the school's code of behaviour.

The relevant teacher for investigating and dealing with bullying is always the class teacher initially. Parents are encouraged to always bring incidents of bullying at the earliest possible stage to the attention of the class teacher. Should the issue remain unresolved, the school principal should be approached and asked to intervene.

PROCEDURES FOR NOTING AND REPORTING AN INCIDENT OF BULLYING BEHAVIOUR

- (i) It should be made clear to all pupils that when they report incidents of bullying they are not telling tales but are behaving responsibly.
- (ii) All reports of bullying, no matter how trivial, should be noted, investigated and dealt with by teachers. In that way pupils will gain confidence in 'telling'. This confidence is of vital importance.
- (iii) Non-teaching staff such as secretaries, caretakers, cleaners and parents should be encouraged to report any incidents of bullying behaviour witnessed by them, or mentioned to them, to the appropriate teaching member of staff.
- (iv) Individual teachers in consultation with the appropriate staff member should record and take appropriate measures regarding reports of bullying behaviour in accordance with the school's policy and Code of Behaviour and Discipline.

- (v) Serious cases of bullying behaviour by pupils should be referred to the Principal or Deputy Principal.
- (vi) Parents or guardians of victims and bullies should be informed earlier rather than later of incidents so that they are given the opportunity of discussing the matter. They are then in a position to help and support their children before a crisis occurs.
- (vii) Parents/guardians may be informed of the appropriate person to whom they can make their enquiries regarding incidents of bullying behaviour which they might suspect or that have come to their attention through their children or other parents/ guardians.
- (viii) In the case of a complaint regarding a staff member, this should normally in the first instance be raised with the staff member in question and, if necessary, with the Principal.
- (ix) Where cases, relating to either a pupil or a teacher, remain unresolved at school level, the matter should be referred to the school's Board of Management.
- (x) If not solved at Board level, refer to local Inspectorate.

5-Staged Approach to dealing with a breach of the Code of Behaviour...

- 1. Approach Class Teacher**
- 2. Bring unresolved issue to attention of School Principal**
- 3. Parents of both parties may or may not be involved**
- 4. Bring unresolved issue to attention of Board of Management**
- 5. Final step is to include the school's inspector**

PROCEDURES FOR INVESTIGATING AND DEALING WITH BULLYING

Teachers are best advised to take a calm, unemotional problem-solving approach when dealing with incidents of bullying behaviour reported by either pupils, staff or parents/guardians. Such incidents are best investigated outside the classroom situation to avoid the public humiliation of the victim or the pupil engaged in bullying behaviour. In any incident of bullying, the teacher should speak separately to the pupils involved, in an attempt to get both sides of the story. All interviews should be conducted with sensitivity and with due regard to the rights of all pupils concerned. Pupils who are not directly involved can also provide useful information in this way.

- (i) When analysing incidents of bullying behaviour, seek answers to questions of what, where, when, who and why. This should be done in a calm manner, setting an example in dealing effectively with a conflict in a non-aggressive manner.
- (ii) If a group is involved, each member should be interviewed individually and then the group should be met together. Each member should be asked for his/her account of what happened to ensure that everyone is clear about what everyone else has said.
- (iii) If it is concluded that a pupil has been engaged in bullying behaviour, it should be made clear to him/her how he/she is in breach of the Code of Behaviour and Discipline and try to get him/her to see the situation from the victim's point of view.
- (iv) Each member of the group should be helped to handle the possible pressures that often face them from the other members after interview by the teacher.
- (v) Teachers who are investigating cases of bullying behaviour should keep a written record of their discussions with those involved. It may also be appropriate or helpful to ask those involved to write down their account of the incident. Data will be collected using **Appendix 3. (p43 Anti-Bullying Procedures for Primary Schools)** These reports will be collated and analysed annually with a view to monitoring behaviour and identifying any particular issues which require attention. Records of such reports will be retained by the principal and reported to the Board of Management.
- (vi) In cases where it has been determined that bullying behaviour has occurred, Principal and teachers meet with the parents or guardians of the two parties involved as appropriate. Teachers explain the actions being taken and the reasons

for them, referring them to the school policy. Ways are discussed in which they can reinforce or support the actions taken by the school.

- (vii) Follow-up meetings are arranged with the two parties involved separately with a view to possibly bringing them together at a later date if the victim is ready and agreeable; this can have a therapeutic effect.
- (viii) Following an annual review of the school's anti-bullying policy and the completion of the checklist **Appendix 4**, the Board of Management will devise an action plan to address areas identified for improvement.

BEHAVIOUR FOR PUPILS WITH SPECIAL EDUCATIONAL NEEDS

Staff members are aware that children with background characteristics that are associated with educational disadvantage, have special needs, and these are taken into account in disciplinary matters. Discussions take place regularly between Resource Teachers, Class Teacher and SNA (where applicable) to adapt and differentiate the code of behaviour for pupils with particular needs and make it more rewarding for them. Profiles will have been drawn up by the teachers concerned to describe the pupils' interests, abilities etc., and make the rewards and sanctions more relevant to them; this will be used in differentiating and adapting the code of behaviour.

There may be a need at times to compile a specific behaviour plan for a pupil with challenging behaviour. In this case see pupil's individual file for behaviour plan. The school's policy on challenging behaviour will be consulted and its principles will inform the individual behaviour plan.

The school will provide support for pupils affected by bullying by giving them an opportunity to participate in activities designed to raise self awareness and self esteem, to develop social skills and build resilience. All children involved in an incident will be made aware of the need to restore the relationships and resume normal interaction as quickly as possible after the incident has been dealt with. Emphasis will be placed on the value of restoring harmony and not on apportioning blame.

Supervision and Monitoring of Pupils

The Board of Management confirms that appropriate supervision and monitoring policies and practices are in place to both prevent and deal with bullying behaviour and to facilitate early intervention where possible.

In Our Code of Conduct:

- We have a fair set of rules in our school.
- We understand the reasons for these rules.
- If we break these rules, we know what will happen.
- We try to make the right choices.
- We do our best to learn well so that we can be proud of our work and ourselves.
- We listen carefully so that we can learn from each other.
- We try to be helpful, fair and friendly towards each other, in class and at play.
- We have respect for ourselves, other pupils and adults.
- We have respect for property.
- We try to make our school a safe and happy place for us all.

SCHOOLYARD BEHAVIOUR POLICY

Rules:

- Stay in your own part of the playground
- Do not leave the playground without permission
- Obey all supervisors on Yard Duty
- Be honest and helpful if a problem arises
- Do not fight
- Do not use bad language
- Do not climb on railings/steps/walls/shelter
- Keep the playground safe and tidy
- When the bell rings, stop your game immediately, go to your line and stand quietly.

Infringement of Rules:

In the event of a serious offence, (e.g. hitting, punching, kicking, spitting, foul language) class teacher is informed. Parents may be informed at this stage if deemed necessary. A very serious infringement may warrant parent being called to the school in the days immediately following the incident.

If a serious rule is disobeyed by a senior pupil, the child is informed of how their behaviour is contrary to the code of behaviour as agreed to by their parents on enrolment.

If the misbehaviour continues, the parents/guardians involved will be called to meet with the class teacher and Principal. If necessary, the Board of Management will be informed; further action may be taken from there.

Prevention of Harassment

The Board of Management confirms that the school will, in accordance with its obligations under equality legislation, take all such steps that are reasonably practicable to prevent the sexual harassment of pupils or staff or the harassment of pupils or staff on any of the nine grounds specified i.e. gender including transgender, civil status, family status, sexual orientation, religion, age, disability, race and membership of the Traveller community.

This policy was adopted by the Board of Management on **24th April 2023**.

This policy has been made available to school personnel, published on the school website and provided to the Parents' Association. A copy of this policy will be made available to the Department and the patron if requested.

This policy and its implementation will be reviewed by the Board of Management once in every school year. Written notification that the review has been completed will be made available to school community. A record of the review and its outcome will be made available, if requested, to the patron and the Department.

Appendix 2 Practical tips for building a positive school culture and climate

The following are some practical tips for immediate actions that can be taken to help build a positive school culture and climate and to help prevent and tackle bullying behaviour.

- Model respectful behaviour to all members of the school community at all times.
- Explicitly teach pupils what respectful language and respectful behaviour looks like, acts like, sounds like and feels like in class and around the school.
- Display key respect messages in classrooms, in assembly areas and around the school. Involve pupils in the development of these messages.
- Catch them being good - notice and acknowledge desired respectful behaviour by providing positive attention.
- Consistently tackle the use of discriminatory and derogatory language in the school – this includes homophobic and racist language and language that is belittling of pupils with a disability or SEN.
- Give constructive feedback to pupils when respectful behaviour and respectful language are absent.
- Have a system of encouragement and rewards to promote desired behaviour and compliance with the school rules and routines.
- Explicitly teach pupils about the appropriate use of social media.
- Positively encourage pupils to comply with the school rules on mobile phone and internet use. Follow up and follow through with pupils who ignore the rules.
- Actively involve parents and/or the Parents' Association in awareness raising campaigns around social media.
- Actively promote the right of every member of the school community to be safe and secure in school.
- Highlight and explicitly teach school rules in pupil friendly language in the classroom and in common areas.
- All staff can actively watch out for signs of bullying behaviour.
- Ensure there is adequate playground/school yard/outdoor supervision.
- School staff can get pupils to help them to identify bullying “hot spots” and “hot times” for bullying in the school.
 - Hot spots tend to be in the playground/school yard/outdoor areas, changing rooms, corridors and other areas of unstructured supervision.
 - Hot times again tend to be times where there is less structured supervision such as when pupils are in the playground/school yard or moving classrooms.
- Support the establishment and work of student councils.
